

3D ADOBE® ILLUSTRATOR® PLUG-IN

ATTENTION CREATIVE PEOPLE: DEVELOP PACKAGING AND DISPLAYS, CREATE & PRESENT PRINT IMAGES

Take advantage of the long-time and praxis-oriented know-how from one of the leading companies in the field of branch-specific 2D/3D-CAD/CAM software for packaging development. The Adobe® Illustrator® Plug-in (for Mac® and Windows®*) is an innovative software-tool to create packaging, displays and folding boxes from cardboard- and corrugated cardboard in a quick, cost-efficient, easy and well-arranged way. **AiVPACK®** lets the operator explore various new possibilities within the Adobe® Creative Cloud.

AiVPACK® values:

- **Basic Version (€ 500,-)** features 130, optional **Extended Version (€ 1.000,-)** containing 1100+ long-time, industrial approved and parameterized templates
- Basic Version upgradeable to Extended Version at any time
- 3D-preview from selected template
- Instant automatic adjustment of all proportions (L, W, H) and material thickness
- Individual line configuration for integration within the companies workflow
- Seamless integration in Adobe® Illustrator®
- Constructive changes of the CAD-data by Adobe® Illustrator® tools
- Available for Mac® and Windows®* in German and English (unities mm or inch selectable)
- One-time license fee per workspace for unlimited use
- Cost-efficient entry into the packaging design

AiVPACK® 3D Functionality (optional: € 1.000,-)

- Presentation of the template as an animated 3D-model
- Import of selected layers from Adobe® Illustrator®
- Create print images with Adobe® Illustrator® tools, visualize and verify in 3D view
- Dynamic folding of the sample, together with print image
- Animated 3D-PDF-export / html-export
- Basic and Extended Version can be upgraded with 3D-functionality at any time

Warranty and Updates:

12 month free updates.

Customers out of the 12-month warranty period will NOT need an update as long as the same Adobe® Illustrator® Version and the same hardware is used, when AiVPack was installed first or upgraded within the warranty period.

Update after 12 month:

without 3D (€ 150,-) / with 3D (€ 300,-)

is needed with new hardware or Illustrator® update and contains 12 month consecutive warranty.
