Note minus (-) at the beginning

*Operating System:

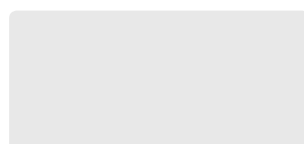

Filled in by ERPA after you submit the request:

Licence key for the license/s stated above:

1.:

2.:

Generating a new license key is free of charge for ERPA maintenance customers. Non-maintenance customers beyond warranty period will be charged € 180,- per license and needed service time plus VAT. In case of a different or new operating system or in case of a program version 2 years or older, customers with no service contract need to purchase an appropriate update of the licensed software **VERPAK** / **VPAK**. With your signature you accept these conditions. We confirm that the license for a.m. reason is required and that it is used rightfully for an ERPA software license as contracted. In case of a hardware or job change we assure that all software copies on the previous hardware were deleted or were made inaccessible.
